The greatest builders in the world are those who build character. Men have built houses, roads and temples that have lasted for generations, empires that lasted for centuries, but those who build character fabricate something that will last to eternity.

Build into your character the foundation of industry, efficiency and economy. With these success is certain. Wholehearted industry brings out the best that is in us and drives out evil.

### Official Count Made Friday; Board Has Split; Sheriff and Clerk Declare Moore Elected

The official tabulation of the result of the November 4th election was made at the court house here last Friday by the canvassing board composed of the Probate Judge, Sheriff and Circuit Clerk.

The official tabulation shows that a total of 323 votes were polled in the county for the Republican electors for President. The other political parties also receiving a few votes.

In the race for Judge of the Circuit, the independent candidate, D. A. Baker, of Troy, only received 161 votes in the county, against Judge W. L. Parks, who received a total of 1634 votes.

A division between the members of the canvassing board arose over the count of the votes for Commissioner in the Northwest District, where W. E. Clark was an independent candidate against J. J. Moore, the democratic nominee. As a result of the division the declaration declaring Mr. Moore the nominee was only signed by Sheriff W. H. Watkins and Circuit Clerk L. B. Clark. Judge Canley disagreed as to the result in the Northwest district refusing to count the votes polled in beat six for this office, and issued a declaration showing that Clark received 187 votes and Moore 197 votes.

The tabulation made by the majority of the board shows that Clark received 188 votes and Moore 197 votes.

We give below a statement of the result showing only the total vote of the county for the several offices of state, national, district and county importance:

# THE ELBA CLIPPER

ELBA, ALABAMA, THURSDAY, NOVEMBER 13 TH, 1924.

NUMBER 21.

### MILT TOLBERT'S BIG TENT SHOW HERE ALL NEXT WEEK.

With probably the largest and most complete entertainment ever offered under canvas in Andalusia and an entirely new program of plays, vaudeville acts and musical comedy features, the Milt Tolbert Tent Theatre Company will show in this city the week beginning Monday, Nov. 17.

All new but the name might well be the slogan of this popular company, for their entire program, personnel, scenery and special effects have perhaps never been rivaled in this section. The Tolbert Company has the largest organization of artist stars of the big vaudeville circuits ever gathered under a tent in the south.

The opening play announced for Monday night is that metropolitan comedy drama "When Dreams Come True," which has created a furor of complimentary expressions in the large cities and in many cities in which this company has presented it. "When Dreams Come True" will make you laugh, cry and thrill with the intense situations and dramatic climaxes. It is a clean, moral play that has the endorsement of press and pulpit and is refreshing as a sweet summer breeze.

A feature of the Tolbert program this season is the musical comedy concerts each night under the direction of Roy E. Butler.

Ladies complimentary tickets will be distributed over the city that will admit ladies each night.

### MISS CARNLEY HOSTESS TO W. H. Y. CLUB.

Miss Sarah Carnley was hostess to the members of the W. H. Y. Club on Wednesday afternoon at her home. The club was called to order by the President. Roll call and reading of minutes was had, after which Miss Totsy Byrd gave the scripture reading and was "aided by the club in the Lord's prayer."

Business was then taken up and discussed. A program was then enjoyed, consisting with a piano solo by Miss Fannie Marsh.

Reading--Miss Viola Byrd. Talk: Comparison between people that smile and those that sulk--Miss Louise Moran. Vocal Solo--Miss Nan Marshall.

Debate--Resolved that the world would be more prosperous if people would smile more. Affirmative--Miss Christine Tucker. Negative--Miss Sara Carnley. The decision of the judges was in favor of the affirmative.

Piano Solo--Miss Totsy Byrd. Reading--Miss Mildred Lee. Sentence prayers closed the program.

A plate lunch with iced tea was served by the hostess.

### PERDUE FAMILY HAS NARROW ESCAPE WHEN TRAIN HITS CAR.

Mr. and Mrs. W. B. Perdue and children had a very narrow escape from fatal injury and probably death, on last Friday night, while returning from Montgomery, when their car was struck by a backing freight train and considerably damaged. However, no members of the party were injured or amounted to anything.

As stated above the party was returning to Elba from Montgomery, and were about six or eight miles this side of Montgomery when the accident happened. It is said that a negro house and some large signs at the spot obstructed the railroad crossing from the driver, Mr. Dana Perdue. It was noticed however that a train was on the track but the light was turned in the opposite direction from the crossing and was quite a distance down the road. Just as the car approached it was seen that the train was backing up and he fortunately was not overturned. The front part of the car was badly torn up.

Friends of the family are incensed that the car was involved without serious injury.

### Boost County Livestock and Poultry Shows To Be Held at Enterprise and Elba Next Month

Cash premiums will be awarded in all the classes of hogs, dairy cattle and poultry at these two shows.

We have some extra good poultry and dairy cattle in the county, and we know that both shows will equal any in Alabama in quality of exhibits. The program was real interesting and we enjoyed it very much. The program consisted of Bible Stories, songs and readings.

The fourth grade pupils are making interesting booklets representing each chapter in their geography.

Last Thursday afternoon at the P. T. A. meeting, the fourth grade presented a Health play, telling us how to keep clean and well. They won the banner by having the most mothers at the meeting.

The fifth grade pupils are making health booklets, which we are enjoying very much. Last week we memorized the poem "Old Ironsides" by Holmes. We wrote a protest against having the ship sunk. We are very enthusiastic over our volley ball and basketball. We are learning to play and hope to have some real good games soon.

Friday afternoon the fourth, fifth and sixth grades met in the auditorium and listened to a most interesting debate by boys and girls of the sixth grade. The subject under discussion was "Resolved that Julius Caesar was a Greater Character than Charlie McGee." Doris Whitman, Aline Owen and Mae Lamb spoke on the affirmative side, while Millard Conner, Charles Hayes and Mildred Parker defended the negative side. After a careful consideration the affirmative speakers were declared victorious. We wish to tell our mothers how happy we were to have such a large number of them visit us at our last spelling contest. It was such an inspiration that the highest score of the year was made. The pupils scoring were: Aline Owen, Opie Parish, Burrill DuBoise, Royce Taylor, Warren Ellis and Henry Clark. Won't you come again and lend your influence?

CHAS. LINDSEY CELEBRATES BIRTHDAY.

The home of Mr. and Mrs. Jordan Lindsey was the scene of much joy and gladness on Monday afternoon when their little son, Charles, entertained his friends celebrating his sixth birthday. Yellow and white were the colors used to brighten and beautify. As the little folks arrived they were served delicious punch. Games that are old and ever new were most heartily enjoyed. "Brick cream and cake were served to thirty-five children.

Mr. W. D. Hutchison, of Hattiesburg, Miss., was a visitor at Elba the first of the week.

Mr. and Mrs. Willie Hutchison of Enterprise, were guests of Mr. and Mrs. O. Dowling Sunday.

Mr. and Mrs. J. W. Kendrick of Dothan, announce the arrival of a daughter, Mary Will, born on November 11th.

Mr. and Mrs. John Bonneau and children spent the week end with relatives in Greenville.

Mr. and Mrs. J. H. Russell, of New Brockton, spent Tuesday with Mr. and Mrs. D. C. Marley.

Mr. and Mrs. Lee and Fred Harper, were among those who spent Tuesday in Elba. Mrs. Harper is attending the State Baptist Convention in Anniston.

HOORAY! THE RED WAGONS ARE COMING!

Harris Bros., famous combined shows will exhibit in Elba, Wednesday, Nov. 19th. Traveling aboard its own special train of railroad cars, this famous tented organization will appear this season fresh from four years of foreign triumphs and conquests.

Enlarged two fold of its former size, the Great Harris Bros. Shows has grown and prospered the past two generations, until today its appearance is hailed as an annual holiday, revealing a fairland ever so dear to childhood's happy days.

Many new and unparalleled features of magnificence, novelty, daring and vastness will be displayed in this season's big show. Foremost among the features will be a display of trained wild animals appearing within an immense steel arena; the imperial Jordan family of acrobats; the Jackson sextette, risley artists; the 8-Micados, Japanese gymnasts; the Avalon Sisters, tight wire dancers; Kimball Bros., somersault champions and scores of other internationally known performers.

The big show represents an expenditure of nearly \$400,000. It is now in its 28th consecutive season during which a transcontinental tour of America and Canada will be made. An immense double menagerie is carried as a special feature of this season's big show. Tango, the earth's largest living animal, an elephant standing 9 ft. 2 inches high and weighing 6 tons, will be found beside a midget elephant, scarcely 3 feet high. Royal Bengal tigers, black maned Nubian lions from the great forests; pumas, jaguars; leopards panthers and a whole caravan of camels from the Siberian waste will be displayed under the canvas domed zoo.

There will be two performances at 2 and 8 p. m., the doors opening an hour earlier. A free exhibition will be seen on the show grounds preceding each performance, in addition to a concert by Prof. John Griffin's military band. Indications point to a record breaking crowd in Elba on show day.

Practical Nurse Tells

Mrs. N. E. Snow, of Route 1, near Paris, Tenn., tells the story of her experience as follows:

"I am 62 years old and I have been a practical nurse for more than 20 years, taking mostly maternity cases. One of my daughters suffered from cramping at birth. She would just bend double and have to go to bed."

"My youngest daughter was born with a weak and nervous, and looked like she didn't have a bit of blood left—just a walking skeleton no appetite and tired all the time. I gave her two bottles of Cardui. It built her up and she began eating and soon gained in weight. She has been so well since."

"Cardui has helped suffering women for over forty years. Try it. It is all in a bottle."

The greatest builders in the world are those who build character. Men have built houses, roads and temples that have lasted for generations, empires that lasted for centuries, but those who build character fabricate something that will last to eternity.

Build into your character the foundation of industry, efficiency and economy. With these success is certain. Wholehearted industry brings out the best that is in us and drives out evil.

What man has greater wealth than he who possesses a fertile farm and a beautiful well-kept farm home?

## Damascus Items.

(Crowded out last week.) Our school is progressing nicely with Mr. O. C. Paulk and Misses Grace Lowe and Eunice Moore as teachers. We have enrolled one hundred and four pupils.

We have a splendid basket ball team. They have already been seen in action. They had a game on last Thursday afternoon on the local court. Our boys were outlasted, but owing to quickness and shrewd coaching we won by the small score of 11 to 9. The game was with the New Brockton H School team. The Junior High School of this place won the championship in basket ball last year. We lost our high school this year, but Mr. Paulk says we are going to have as good team as we had then. Our boys are small but they have s-o-m-e pep, and have a real good coach. He is always trying to help the boys do their "dead level" best.

We are going to try to have the best school in the county this year and the way we have started shows that we are determined to be best in everything that's in the right. We are always trying to do something that will make our school good and better.

We have organized an Ever-Ready Literary Society which we will have every other Friday afternoon, with Mr. John 'night as President, and Miss Susie Dye as Secretary. We feel like with everybody pushing we will have a "good school, society and basket ball team."
